

Enrolling in Okta Multifactor Authentication for Sagamore Health Network

1. From your browser, go to the Sagamore Health Network Page:

<https://www.sagamorehn.com/>

and select Login.

2. Enter your username and password and click **Sign In**.

The image shows a screenshot of the Okta login interface. At the top, there is a 'Login' button. Below it, the Okta logo is displayed. A circular placeholder for a user profile picture is shown, followed by the text 'Sign In'. Below this, there are two input fields: 'Username' and 'Password'. A checkbox labeled 'Remember me' is located below the password field. A large blue 'Sign In' button is positioned below the 'Remember me' checkbox. At the bottom of the form, there is a link that says 'Need help signing in?'.

3. After logging in, you will be re-directed to the OKTA website to enroll in a security factor.

Set up multifactor authentication

Your company requires multifactor authentication to add an additional layer of security when signing in to your Okta account

-  **Okta Verify**
Use a push notification sent to the mobile app.
[Setup](#)
-  **SMS Authentication**
Enter a single-use code sent to your mobile phone.
[Setup](#)
-  **Email Authentication**
Enter a verification code sent to your email.
[Setup](#)

Option 1: Okta Verify

Click **Setup** under the Okta Verify option.

On your mobile device, download the Okta Verify application.

Select what type of device you have and click **Next**.

Okta Verify

Use a push notification sent to the mobile app.

[Back to factor list](#)

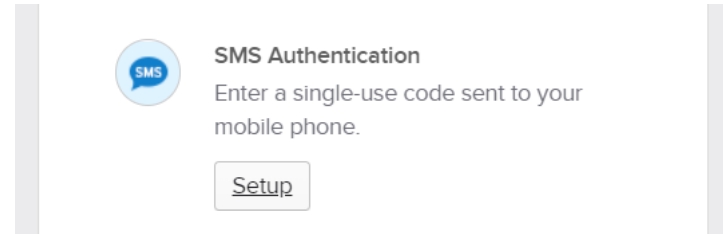

Launch the Okta Verify application on your mobile device and follow the prompts to add an organization. Scan the QR code displayed on your screen. After successfully adding the account, you should receive a verification code in the Okta Verify application.

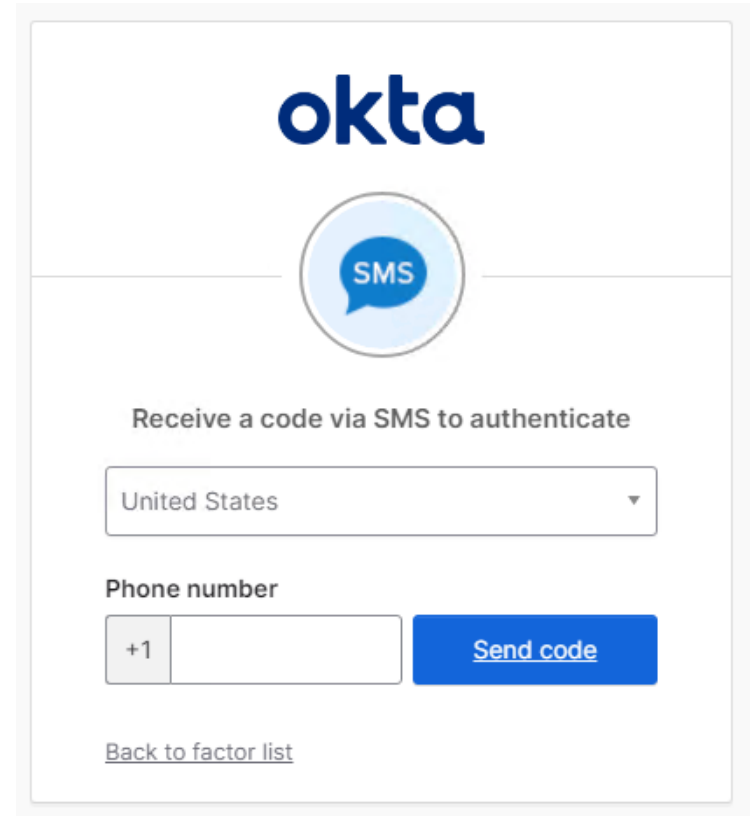

Option 2: SMS Authentication

Click **Setup** under the SMS Authentication option.

Enter your mobile phone number and click **Send code**. You will receive a verification code via text message.

The card features a blue circular icon with a white speech bubble containing the letters 'SMS'. To the right of the icon, the text reads 'SMS Authentication' followed by 'Enter a single-use code sent to your mobile phone.' Below this text is a rectangular button with the word 'Setup' in a light blue font.

The screen displays the Okta logo at the top center. Below the logo is a large blue circular icon with a white speech bubble containing the letters 'SMS'. Underneath this icon, the text reads 'Receive a code via SMS to authenticate'. Below this text is a dropdown menu showing 'United States' with a downward arrow. Below the dropdown menu is the label 'Phone number'. To the left of the phone number input field is a small grey box containing '+1'. To the right of the phone number input field is a blue button with the text 'Send code'. At the bottom left of the screen is a link that reads 'Back to factor list'.

receive

Option 3: Email Authentication

Click **Setup** under the Email Authentication option.

Click **Send me the code** to receive a verification code via email. A verification code will be sent to the email address associated with your current account.

Email Authentication

Enter a verification code sent to your email.
